Seller must notify Buyer of any non-conforming Products if determined during or after shipment.

The inspection, approval, review or failure to inspect shall not relieve Seller from any of its obligations under the Purchase Order or constitute a waiver of any defects or nonconformities. The acceptance by Buyer of any Products, Services and/or Work under any Purchase Order will not limit or affect any warranty or right of indemnity granted by Seller under the Purchase Order, these Terms or otherwise.

Seller shall maintain a quality control and inspection system in accordance with Buyer's quality specifications cited by the Buyer entity identified on the Purchase Order. No acts of Buyer, including without limitation, modifications to this Purchase Order or acceptance of late deliveries, shall constitute a waiver of this provision. Seller shall also provide free of charge all documentation reasonably required by Buyer to use, operate and maintain the Products and/or Services. Except as may be specified in the Purchase Order, all documentation, installation, maintenance and operations manuals will be in English. Any translation requirements are Seller's responsibility.

All deliveries shall be strictly in accordance with the applicable quantities and schedules set forth in this Purchase Order. Unless otherwise specified in this Purchase Order, Seller shall not ship quantities less than or greater than those specified in this Purchase Order. Buyer shall have no obligation to return or pay for any quantities in excess of those specified in this Purchase Order. Buyer reserves the right to reject and/or return, at Seller's expense and risk, including transportation both ways, all or any part of a delivery that varies from the quality or quantity authorized by the Buyer for shipment. Buyer additionally reserves the right to accept such Products with the obligation for payment deferred until

the agreed upon payment period after delivery should have been made pursuant to the delivery schedule.

The Buyer will provide the applicable delivery term for the Products on the Purchase Order. If the Seller or the Buyer is a U.S. entity, the Buyer may indicate on the Purchase Order that the delivery term is a Uniform Commercial Code (“UCC”) delivery term. In that case, the delivery terms are to be interpreted in accordance with the Uniform Commercial Code (“UCC”) as adopted by the State identified on the Purchase Order for the Buyer entity, United States of America, as listed. If the Seller or the Buyer is a non-U.S. entity, the Buyer may indicate on the Purchase Order that the delivery term is an Incoterms delivery term. “Incoterms” means the international rules for the interpretation of the trade terms of the International Chamber of Commerce as enforced on the date when the Purchase Order is issued by Buyer. Any term or expression defined in or given a particular meaning by the provisions of the UCC, or Incoterms shall have the same meaning in the Purchase Order, but if there is any conflict between the provisions of the UCC or Incoterms and these Terms, these Terms shall prevail.

In the event the Seller and the Buyer are U.S. entities, and a delivery term is not specified on the Purchase Order, the delivery will be made by Seller Freight Collect as defined by the UCC. In the event the Seller or the Buyer is a non-U.S. entity, and a delivery term is not specified on the Purchase Order, the delivery will be made by Seller DAP Buyer facility as defined by Incoterms.

Upon request, Seller will provide Buyer with all up to date information relating to the progress in completing the Purchase Order in a form and frequency acceptable to Buyer. Seller will, at its expense, deliver by express or air shipment or by the most expeditious way to the delivery location if the delivery schedule is endangered in whole or in part for any reason. In the event that Seller fails to do so, Buyer may undertake the transportation of such items at Seller’s cost and expense. Seller shall not, without Buyer’s prior written consent, manufacture or procure materials in advance of Seller’s reasonable flow time or deliver in advance of schedule. Seller shall give notice of shipment to the Buyer at the time of delivery of any shipment of Products to a carrier for transportation. Seller shall co-operate with the Buyer to minimize the duties payable on shipments, including routing to protect the lowest tariff rate.

Whenever it appears Seller will not meet the delivery schedule, Seller shall immediately notify Buyer in writing of the reason and estimated length of the delay. This notice shall be informational only and shall in no way affect the rights or remedies available to Buyer. Seller shall make every effort to avoid or minimize the delay to the maximum extent possible. Any additional cost incurred by Buyer or Seller because of late delivery shall be borne by Seller unless specifically authorized in writing by Buyer.

When requested by Buyer, Seller will develop and maintain in a form acceptable to Buyer, a comprehensive activity/task-based schedule (“the Schedule”). At its election, Buyer may provide, at no cost to Seller, assistance in the development of the Schedule. The Schedule will contain a comprehensive activity-based listing for all major Products, Services and/or Work deliverables required by the Purchase Order and shall also include information on any processes being performed

outside the Seller's facility (outside processing). Seller shall update the Schedule at regular intervals but no less than monthly to ensure its accuracy. Seller will make its Schedule available to Buyer in a format specified by Buyer for review at reasonable times and places.

If Seller is unable to meet the required delivery schedules for any reason, Buyer shall have the option to: (1) terminate this Purchase Order, or (2) fill this Purchase Order or any portion thereof, from sources other than Seller and to reduce Seller's Purchase Order quantities accordingly at no increase in unit price, without any penalty to Buyer. The rights accorded Buyer pursuant to this paragraph shall not limit Buyer's rights under the "Termination" provision of this Purchase Order.

Seller shall be responsible for packaging, loading and tying-down of each shipment in accordance with the specifications and requirements of the Purchase Order or in the absence thereof, in a manner to ensure safe delivery of the materials or ordered items.

9. **Ownership.** All Documentation created in or resulting from Seller's performance under this Purchase Order, including all patent rights, copyrights, rights in proprietary information and other intellectual property rights shall be exclusively owned by and be the property of Buyer and shall not be used by Seller for any purpose other than the performance of work under this Purchase Order.

All Documentation delivered to Buyer by Seller shall also be exclusively owned by and be the property of Buyer and shall not be used by Seller for any purpose other than the performance of work under this Purchase Order. Buyer may use such Documentation for any purpose, whatsoever, irrespective of any statement to the contrary appearing on such Documentation.

Seller agrees to transfer and does hereby transfer to Buyer all right, title and interest in and to all intellectual property rights associated with such Documentation created in or resulting from Seller's performance under this Purchase Order or delivered to Buyer by Seller under this Purchase Order.

Seller will, at its expense, execute or obtain the execution of any papers as may be necessary to perfect ownership of the Documentation to Buyer or as may be necessary in obtaining, maintaining or enforcing any intellectual property rights by Buyer. Seller also agrees that any intellectual property which is protectable by copyright will be considered a work made for hire for Buyer. Seller shall, at its expense, obtain any and all licenses and rights necessary to afford Buyer the foregoing rights. Seller agrees that it shall not produce for or quote prices to any other party goods or materials, which are manufactured according to Buyer's proprietary specifications and are not a part of the Seller's standard product offering.

Title shall pass to Buyer or Buyer's customer in accordance with the delivery terms designated in the Purchase Order. Seller shall identify and segregate such materials which are the property of Buyer, unless waived in writing by Buyer. In the event the Purchase Order provides for milestone or progress payments to be made by Buyer to Seller, title to Product furnished or to be furnished (or information generated or developed) under this Purchase Order shall be deemed transferred to Buyer or Buyer's customer as payments are made. In the event milestone or progress payments are made by Buyer prior

to delivery, Seller shall execute and deliver such security agreements, financing statements and other documents as may be deemed necessary by Buyer to protect its rights therein.

Seller agrees that the Products delivered to Buyer under this Purchase Order will be free and clear of all liens, claims and encumbrances at the time of delivery. The obligations of this paragraph shall survive termination or completion of this Purchase Order.

- 10. Risk of Loss.** Seller shall have risk of loss of the materials or ordered items furnished under this Purchase Order until arrival at the destination designated in this Purchase Order.
- 11. Changes.** Buyer may, at any time, by a written change notice (a “Change Notice”), without notice to any sureties, make changes to any aspect of the Purchase Order and/or its performance, including, without limitation: (i) drawings, designs or specifications; (ii) method of shipment or packing; (iii) place or time of inspection, acceptance; (iv) delivery schedule (acceleration or deceleration out to the last date of contract); (v) the quantity and/or type of goods and/or services ordered; (vi) the work or service schedules; (vii) the amount of any Buyer furnished property; and (viii) suspending the work (Stop Work Order) in whole or in part for a stated time period. Upon receipt of a suspension order, Seller will immediately take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Purchase Order during the period of work stoppage. If Seller considers that the conduct, statement or direction of any of Buyer’s employees constitutes a change hereunder, Seller shall notify Buyer’s purchasing department and take no action on the perceived change pending written approval of Buyer’s purchasing department. For example, Buyer’s engineering, technical and other personnel may, on occasion, render assistance, exchange information, or provide advice to Seller’s personnel concerning the goods or services furnished hereunder. Such assistance, exchange, or advice shall not constitute a change under this section or a waiver of the Seller’s existing obligations. In order to be valid and binding upon Buyer, any change, waiver, or amendment of this Purchase Order must be in writing and approved by an authorized representative of the Buyer’s purchasing department. Only Buyer’s purchasing department has the authority to approve a change, which approval shall be effective only if reduced to writing. Any change made by Seller without such written approval shall be deemed voluntary by Seller and not compensable in the cost of or time required for performance.

Seller shall comply with such Change Notices. If the change materially affects Seller's cost or time for performance, Seller shall, upon receipt of a Change Notice, promptly advise Buyer of any effect thereof on the provisions of this Purchase Order, the performance of the Work, including cost and/or schedule. If any such Change Notice causes an increase or decrease in the cost of or time required for performance of this Purchase Order, whether or not changed by the Change Notice, Seller shall promptly prepare and submit to Buyer an estimate of the increase or decrease in the applicable fees and/or time for performance necessitated by such Change Notice. No claim by Seller for adjustment hereunder shall be allowed unless made in writing for a specified amount within twenty (20) days from the date notice of any such Change Notice is received by Seller and any claim may only include reasonable costs and schedule impact that will necessarily be incurred as a direct result of the Change Notice. Buyer shall make an equitable adjustment in writing to the Purchase Order price and/or delivery schedule if the change materially affects Seller's cost or time for performance.

Upon receipt of a Change Notice issued by Buyer, Seller shall implement same and proceed diligently with its execution notwithstanding that agreement may not have been reached on an equitable adjustment. The failure to agree on an equitable adjustment shall not excuse Seller from proceeding with performance of the Purchase Order as changed by a Change Notice. Nothing contained in this Section shall relieve or excuse Seller from proceeding without delay in performing this Purchase Order as modified by a Change Notice. Seller shall, at Buyer's direction, proceed with the change pending resolution of any dispute.

Seller shall notify Buyer in writing in advance on each occasion of any and all proposed changes to: (i) the Products and/or Services, including without limitation their specifications, components and/or composition; (ii) the manufacturing process; (iii) plant, equipment and/or tooling changes or moves; (iv) the location of any work performed hereunder; and/or (v) suppliers and/or subcontractors. Such a proposed Seller change shall not occur until Buyer has had the opportunity, at Seller's cost, to conduct such audits, surveys and/or testing necessary to determine the impact of such a proposed change on the Products and/or Services and Buyer has approved the proposed change in a Change Notice or in a writing. Seller shall be responsible for obtaining, completing and submitting proper documentation regarding any and all changes, including complying with any written change procedures issued by Buyer. No claim by Seller for an adjustment to the schedule and/or price shall be allowed as a result of Seller's compliance with this section. In addition, Buyer's approval or disapproval of any requested change made by Seller shall not be the basis for an equitable adjustment under this section.

NOTWITHSTANDING THE ABOVE OR ANY OTHER PROVISION OF THIS PURCHASE ORDER, THE SELLER HEREBY AGREES THAT NO CHANGES TO THE PRODUCT AND/OR SERVICES THAT MAY BE REQUIRED IN ORDER TO MEET THE SPECIFIED PERFORMANCE REQUIREMENTS OF THIS PURCHASE ORDER SHALL ENTITLE THE SELLER TO ANY ADJUSTMENT IN EITHER PRICE OR TIME FOR PERFORMANCE.

12. Assignment. Seller may not assign this Purchase Order or any interest herein (including without limitation payment) without the Buyer's prior written consent. Seller will obtain written acknowledgement by any permitted assignee, subcontractor and/or supplier to Seller of such party's commitment to act in a manner consistent with Buyer's code of conduct, and to submit to, from time to time, on-site inspections or audits by Buyer or Buyer's third-party designee as requested by Buyer without charge. Seller shall ensure that any permitted assignee shall be bound by the Terms of this Purchase Order. The non-assigning party shall not have any obligation to an assignee of the assigning party unless such consent is obtained. The Buyer is permitted to assign this Purchase Order to any Curtiss-Wright Corporation Affiliate.

13. Intellectual Property Indemnity and Remedies. Seller shall, at its own expense, indemnify, defend and hold Buyer and/or its customers harmless from all costs, damages, expenses, fees, liabilities and losses which may be incurred based on any action, allegation, claim, proceeding or suit that any Product, Services or Documentation furnished hereunder or any part thereof constitutes an infringement or misappropriation of any claim of any patent, copyright, trade secret or other intellectual property right, except for items manufactured by Seller pursuant to designs solely

developed by Buyer and furnished to Seller by Buyer. Seller shall, at its own expense, settle or defend all actions, claims, proceedings or suits against Buyer in which any such infringement or misappropriation is alleged, and if any judgment shall be rendered against Buyer in any such action, claim, proceeding or suit, Seller shall, at its own cost and expense, satisfy and discharge same. Notwithstanding the foregoing, any settlement of such an action, claim, proceeding or suit shall be subject to Buyer's written consent, which consent shall not be unreasonably withheld or delayed. If the Product, Services or Documentation furnished hereunder or any part thereof is held in any action, claim, proceeding or suit to constitute an infringement or misappropriation or its use enjoined, Seller shall at its expense, in a timely manner: (1) procure for the Buyer and its customers the right to continue using the Product, Services and/or Documentation or part thereof, or (2) replace it with a substantially equivalent non-infringing Product, Services and/or Documentation, or (3) modify it so it becomes non-infringing, but is substantially, functionally equivalent. In the event of the impossibility of the foregoing options, Seller shall provide Buyer a refund of the purchase price of the Product, Services and/or Documentation.

14. Compliance with Laws and Standards.

(a) Where the location of Buyer is North America, Seller, in the performance of this Order, shall comply with all federal, state and local laws, rules and regulations, code and standards applicable to or incorporated by reference in this Purchase Order, including, but not limited to, all applicable environmental protection laws, rules and regulations, all data privacy laws, the Fair Labor Standards Act of 1938, as amended (29 U.S.C. § 201 et seq.) and the Occupational Safety & Health Act of 1970, as amended ("OSHA"), and all rules and regulations thereunder.

These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. These regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability. The parties also agree that, as applicable, they will abide by the requirements of Executive Order 13496 (29 CFR Part 471, Appendix A to Subpart A), relating to the notice of employee rights under federal labor laws. Appropriate action shall be taken by Seller, with respect to itself and any of its suppliers, vendors and any of its subcontractors in order to ensure compliance with such laws.

Each invoice submitted against this Purchase Order shall constitute a representation and warranty by Seller that the Products, Services and/or Documentation were delivered in compliance with all such legal requirements, and if Buyer is subjected to any liability as the result of Seller's or its subcontractors' failure to comply with the requirements of this clause, then Seller agrees to indemnify and hold Buyer harmless to the full extent of any loss, damage or expense resulting from such failure. Seller agrees to furnish information, within seven (7) days of Buyer's request, regarding payment,

offer, or agreement to pay “political contributions” or “fees or commissions” (as those terms are defined at 22 C.F.R. 130) with respect to any sale by the Buyer for which a license or approval is required from the Office of Defense Trade Controls, Department of State or any sale pursuant to a contract with the Department of Defense under Section 22 of the Arms Export Control Act (22 U.S.C. § 2762).

(b) Where the location of Buyer is Europe, Seller shall comply with the requirements of the Health and Safety at Work Act 1974 and any other relevant legislation (including without limitation those relating to the notification of precautions to be observed in relation to Products and their handling operation and storage). The Seller will ensure that full details of all such precautions shall accompany each consignment of Products and that Buyer is notified of all restrictions and/or limitations as to the shelf life of Products immediately after the Purchase Order comes into effect.

15. Gratuities. Seller warrants that neither it nor any of its employees, agents, or representatives have offered or given, or will offer or give, any gratuities to Buyer’s employees, agents or representatives for the purpose of securing this Purchase Document or securing favorable treatment under this Purchase Document.

16. Termination.

(a) **Termination for Default.** Buyer may, by Change Notice or written notice, terminate this Purchase Order for Seller's default, in whole or in part, and/or cancel all or any part of the undelivered portion of this Purchase Order if Seller:

(i) fails to deliver the Product or Documentation and/or perform the Services by the time or in the manner specified in this Purchase Order;

(ii) fails to make progress which, in Buyer's reasonable judgement, endangers performance of this Purchase Order in accordance with its terms;

(iii) fails to furnish adequate assurances after a written demand by Buyer for such assurance when reasonable grounds for insecurity arise with respect to Seller's performance;

(iv) fails to deliver Product or Documentation and/or perform Services that meet the specifications; and/or

(v) fails to perform or comply with any obligation of this Purchase Order or any part thereof.

Such termination and/or cancellation shall become effective if Seller does not cure such failure within ten (10) days of receiving notice of default.

Any such termination or cancellation shall be without liability to Buyer except to pay for completed Product, Services and/or Documentation delivered and accepted by Buyer prior to termination or cancellation. In the event of any such termination or cancellation, Buyer may take possession of any materials or equipment incorporated or contemplated to be incorporated into the Product, Services and/or Documentation and cause the work to be completed in whatever manner Buyer deems appropriate at the Seller's sole cost and expense. Seller shall promptly assign to Buyer, or Buyer's designee, such contracts and purchase orders as Buyer shall request be so assigned in connection with the Product, Services and/or Documentation.

Upon termination or cancellation, Buyer may procure from another party, at Seller's expense, and upon terms it deems appropriate, goods, Software, articles, documents or other materials, and any data or other information or services similar to those so terminated or cancelled. Seller agrees that it will be liable for Buyer's re-procurement charges, which exceed the amount which would have been due to the Seller had the Seller satisfactorily completed this Purchase Order. Seller shall continue performance of this Purchase Order to the extent not terminated or cancelled.

As an alternate remedy and in lieu of termination or cancellation for default, Buyer, at its sole discretion, may elect to extend the delivery schedule and/or waive other deficiencies in Seller's performance, making Seller liable for any costs, expenses or damages arising from any failure of Seller's performance. If Seller for any reason anticipates difficulty in complying with the required delivery date, or in meeting any of the other requirements of this Purchase Order, Seller shall promptly notify Buyer in writing. Any such extension and/or waiver by Buyer shall not be construed as a continuous or future waiver of such provision nor shall it in any way affect the right of Buyer to terminate the Purchase Order or cancel the Purchase Order for default in relation to Seller's late delivery, late performance or other deficiencies.

These rights and remedies are in addition to any other rights and remedies available to Buyer under these Terms, in law or in equity.

(b) **Termination for Insolvency or Prolonged Delay.** If Seller ceases to conduct its operations in the normal course of business, fails to meet its obligations as they mature, becomes insolvent, or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, a receiver for Seller is appointed or applied for, an assignment for the benefit of creditors is made or an excused delay (or the aggregate time of multiple excused delays) lasts more than sixty (60) days, Buyer may immediately terminate this Purchase Order without liability, except for Product, Services and/or Documentation completed, delivered and accepted within a reasonable period after termination (which will be paid for at the Purchase Order price).

(c) **Termination for Convenience.** Buyer may, by written notice, terminate this Purchase Order for Buyer's convenience, in whole or in part, at any time even though Seller is not in default. In such event, Seller shall promptly comply with the directions contained in such notice and shall, subject to such direction: (i) take all necessary action to stop the work terminated, as provided in the notice, minimizing costs and liabilities and ensure that no further steps are taken to produce any undelivered Product or Documentation and/or perform any unperformed Services, (ii) protect, preserve and deliver any property related to this Purchase Order which is in Seller's possession pursuant to Buyer's direction; (iii) use its best endeavors to mitigate any loss it may have incurred as a result of termination; (iv) place no further orders or subcontracts except as may be necessary for the completion of Work not terminated; and (v) continue the performance of such part of the Work, if any, as may not have been terminated by the notice.

Upon termination under this clause, Buyer and Seller shall negotiate reasonable termination costs consistent with costs allowable under Article 9 entitled Changes, which are identified by Seller within thirty (30) days of Buyer's termination notice to Seller, unless the parties have agreed to a termination schedule in writing. Seller shall be entitled to reimbursement for its actual costs incurred up to and including the date of termination, such cost to be determined in accordance with current industry practices. In no event shall Buyer's obligations, as a consequence of the termination, exceed the Purchase Order price of the items terminated, less the aggregate of all prior payments made.

Upon payment of the amounts specified above, Seller shall make such disposition of completed or uncompleted items or any raw, semi-processed or completed materials as Buyer may direct. The Seller will comply with and be responsible for reasonable expenses incurred in effecting Buyer's directions.

In connection with any such termination, Buyer may examine Seller's records relating to this Purchase Order as Buyer may deem necessary, provided, however, that if Seller objects to an examination of Seller's records by Buyer, a mutually acceptable independent certified public accounting firm may make such examination and prepare a report for both parties at Seller's sole expense.

- 17. Subcontracting.** Seller shall not subcontract any portion of the Work without the prior written approval of Buyer; provided, however, that, Seller's procurement of raw materials or services normally purchased by Seller and required by Seller in order to fulfill this Purchase Order shall not be construed as a subcontract. Subject to the foregoing, if Seller subcontracts any part of the Work under this Purchase Order outside of the final destination country where the Product and Documentation will be delivered or the Services performed, unless otherwise agreed in this Purchase Order, Seller shall be responsible for complying with all customs requirements and export control regulations related to such subcontracts. The Seller shall flow-down the provisions of this Purchase Order and its appendices to its suppliers through the Seller's purchase orders to the extent necessary.
- 18. Warranty.** Seller warrants that the Product and Documentation delivered hereunder shall be free from defects in design, workmanship and materials; shall be of merchantable quality; shall be fit for the purpose intended; shall perform in the manner specified; be free of any defects in title and shall conform to all requirements of this Purchase Order. All Product and Documentation shall be warranted by Seller for two (2) years from the date such Product and/or Documentation is placed in service by Buyer or four (4) years after acceptance by Buyer, whichever first occurs.

Product and/or Documentation ordered to Government specifications shall comply with such drawings or specifications that are current at the date of this Purchase Order unless otherwise particularly specified by the Buyer. Any Product and/or Documentation to be delivered hereunder shall consist of new materials, not used, or reconditioned, remanufactured, or of such age as to impair its usefulness or safety unless specifically authorized by the Buyer in accordance with the Purchase Order. Seller shall maintain lot traceability for all Product and/or Documentation supplied on each Purchase Order in accordance with the requirements of the Purchase Order. Packing slips shall reference traceability number or batch number.

Seller warrants that Services furnished by Seller shall reflect the highest standards of professional knowledge and judgment, shall be free from defects in workmanship and shall conform to all requirements of this Purchase Order, until three (3) years from the completion of such Services.

Any inspection, delivery, review, approval of designs and/or other documentation furnished by Seller, or payment shall not relieve Seller of its obligations under any provision of this Purchase Order, including these warranties. Seller's warranties hereunder shall run to Buyer, its successors, assigns, customers and users of the Product, Documentation and/or Services and shall extend to any defect or nonconformity arising under the warranties.

With respect to any defective Product and/or Documentation or which are not in conformance with the Product /Documentation warranty, Buyer, without waiving any remedies provided by law and/or under this Purchase Order, may require Seller, at its sole expense, as directed by Buyer, to promptly: (1) repair or replace the defective or non-conforming Product/Documentation (and correcting any plans, specifications or drawings affected) in a timely manner; (2) furnish Buyer any materials, parts and instructions necessary to enable Buyer or its customer to correct or have corrected the defect or nonconformity, or (3) refund the purchase price, or an appropriate portion thereof, to Buyer.

With respect to any defective Services or which are not in conformance with the Services warranty, Buyer, without waiving any remedies provided by law and/or under this Purchase Order, may require

Seller, at its sole expense, as directed by Buyer, to promptly: (1) re-perform the non-conforming Services, or (2) refund the purchase price or appropriate portion thereof to Buyer.

Seller shall promptly address and respond to Buyer's notifications of defects or nonconformities and agrees that time will be of the essence in all instances of providing warranty service to Buyer. If Seller refuses or fails promptly to repair or replace such Product/Documentation, furnish Buyer any materials, parts and instructions or to re-perform Services when requested by Buyer, Buyer may, by contract or otherwise, repair or replace such Product/Documentation, obtain any necessary materials, parts and instructions or procure substitute services and Seller agrees to reimburse Buyer for the costs and expenses incurred by Buyer thereby. Buyer shall be entitled to avail itself cumulatively of all remedies provided under this Purchase Order, in law or in equity.

The warranty with respect to any corrected Product, Documentation or Services shall be the later of the original unexpired warranty or two (2) years from the date of repair or replacement or re-performance of Service(s).

- 19. Excusable Delays.** Neither party shall be in default for any delay or failure to perform hereunder due to causes beyond its control and without its fault or negligence ("Force Majeure"); provided, that: (i) the Products to be furnished are not obtainable from other sources in sufficient time to permit Seller to meet the delivery schedule; (ii) Seller furnishes prompt written notice to Buyer of the occurrence of any such cause that will or may delay Seller's performance; and (iii) uses all reasonable efforts to mitigate the impact of such event of Force Majeure. Any delay or failure to perform caused by the default of a supplier of the Seller at any lower tier shall be excused only if it is beyond the control of both Seller and such supplier and without the fault or negligence of either. If delivery of any Products or performance of Services is delayed by Force Majeure for more than three (3) months, Buyer may, without any additional extension, cancel all or part of any Purchase Order with respect to the delayed Products and/or Services, and exercise any of its remedies hereunder or at law.
- 20. Counterfeit and/or Suspect Work.** Counterfeit and/or Suspect Work is rebuttably presumed to not be in conformance with the requirements of the Purchase Order. Seller agrees that only new and authentic materials will be used in Seller's Product or Work and that any delivered Product to Buyer contains no Counterfeit and/or Suspect Work. No other Item other than a new and authentic Item is to be used by Seller unless approved in advance in writing by Buyer.

Seller shall implement a procedure, applicable at all levels of supply, to control Counterfeit and/or Suspect Work and ensure that Counterfeit and/or Suspect Work is not being delivered or incorporated into any of Seller's Product or Work. In this regard, Seller shall only incorporate Items that are sourced from Original Equipment Manufacturers ("OEMs"), Original Component Manufacturers ("OCMs"), and their respective authorized distributors. Deviations from this general standard must be approved in writing by the Buyer, or executed in accordance with Buyer's audited and approved Quality Manual. Seller must make available to Buyer, at Buyer's request, OEM/OCM documentation that authenticates the traceability of the Items to that applicable OEM/OCM. Purchase of Items from independent distributors is not authorized unless first approved in writing by Buyer's purchasing representative. Buyer's approval of Seller request(s) does not relieve Seller's responsibility to comply with all Purchase Order requirements, including the obligations of this Article.

If Seller becomes aware or suspects that it has furnished Counterfeit and/or Suspect Work in any form, Seller shall immediately notify Buyer in writing with the pertinent facts and Seller shall immediately: (1) provide OEM/OCM documentation that authenticates the traceability of the Items in question and a certificate of conformance evidencing compliance with the requirements of the Purchase Order; or (2) promptly replace the Counterfeit and/or Suspect Work with Items acceptable to Buyer at Seller's sole cost and expense. Seller shall also be liable for the costs associated with, but not limited to, costs of removing Counterfeit and/or Suspect Work, costs of reinstalling replacement Items, any testing required by the reinstallation of replacement Items, travel expenses, legal expenses, shipping costs, fines or penalties, labor, replacement Items and administrative expenses.

If Buyer, at any time, has reasonable cause to believe Seller has furnished Counterfeit and/or Suspect Work, in any form, Buyer shall notify Seller and Seller shall immediately: (1) provide OEM/OCM documentation that authenticates the traceability of the Items in question and a certificate of conformance evidencing compliance with the requirements of the Purchase Order; or (2) promptly replace the Counterfeit and/or Suspect Work with Items acceptable to Buyer at Seller's sole cost and expense. Seller shall also be liable for the costs associated with, but not limited to, costs of removing Counterfeit and/or Suspect Work, costs of reinstalling replacement Items, any testing required by the reinstallation of replacement Items, travel expenses, legal expenses, shipping costs, fines or penalties, labor, replacement Items and administrative expenses.

Seller's delivery of Counterfeit and/or Suspect Work to Buyer shall be grounds for the Buyer to terminate the Purchase Order for default. Buyer may, at its option, implement the rights and remedies available to Buyer, which are provided in Section 13(a) entitled Termination for Default in addition to any other rights and remedies available to Buyer under these Terms, in law or in equity.

21. Buyer Proprietary Information. Seller warrants that the prices for any Products, Documentation and/or Services under this Purchase Order do not exceed the prices for goods and/or services offered by Seller to third parties on similar terms and conditions. In addition, the Buyer may require the Seller to transact its business with Buyer electronically. Seller acknowledges and agrees that the Buyer may use a third-party processor to process its invoices and purchase orders ("Third Party Processor"). If, within thirty (30) days after receipt by a party of a proposal made in accordance with this paragraph the parties have not reached agreement on the choice of an arbitrator, the single arbitrator shall be appointed by the ICC in accordance with its Rules. If the dispute involves more than \$5 million, the arbitration shall be conducted by a tribunal of three (3) arbitrators. Within fifteen (15) days after the commencement of arbitration, each party shall select one person to act as arbitrator and the two (2) selected shall select a third arbitrator (who shall serve as the chairperson of the tribunal) within ten (10) days of their appointment. If the arbitrators selected by the parties are unable or fail to agree upon the third arbitrator, the third arbitrator shall be selected by the ICC in accordance with its Rules. No arbitrator may be

affiliated, whether directly or indirectly, with any of the parties, including, without limitation, as an employee, consultant, partner or shareholder.

Consistent with the expedited nature of arbitration, each party will, upon the written request of the other party, promptly provide the other with copies of any documents relevant to the issues raised by any claim or counterclaim. Any dispute regarding discovery, or the relevance or scope thereof, shall be determined by the arbitrator(s), which determination shall be conclusive.
